Honda Small Engine | GCV160 | eReplacementParts.com

Hi, I have a 3-year-old Honda GCV160 model. I've never had a problem with it until this summer. Once I stop the mower, it won't restart. Once it has cooled down sufficiently, it will start right up again. My neighbor thinks it might need to have the gaskets replaced. The air filter is new, and the spark plug is okay. Has anyone had this problem?
